

EXECUTIVE PRESENTATION

JANUARY 2010

www.evolutionarts.com.ec

WHO ARE WE?

We are a group of people from different professional areas with different skills joined together into a company dedicated to the event production and the creation of concepts and themes for it's events.

The events we produce are always done with the best production, new and different concepts and themes which leads into a very high-quality show that creates a milestone on the history of the events produced in our country

MISSION

To offer the best events on alternative genres of music, with very high-quality production always working for the audience satisfaction and the good promotion of the artists, taking care always of the creation of new concepts and themes that provide an added value to every presentation, which differentiate ourselves from other event production companies. All of these things put together is our formula for total success when we produce a show

VISION

To become the leader company on the local event production industry being the pioneers on providing the public with different events than the ones that have been done before in our country
